## Buisklemmen Click system Closing Clamps

Ref. 30.021.xxxx

FOR CLAMPING PLASTIC AND COPPER PIPES

Plastic clip, halogens free, for supporting plastic and copper tubing. Fast, efficient and safe installation.

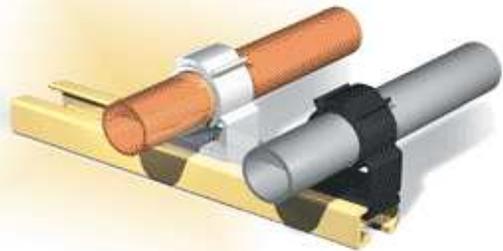

Open the clip

Press the tube

The clip closes automatically

### Advantage

#### Quick installation

In just three steps : 1. open the camp 2.set the pipe in 3. Press the pipe down  
Easy removal. Press the pipe and clamps open.

#### High flexibility and elasticity

Enables three clamps to be closed at the same time  
Absorbs the pipe expansion and contact changes.

#### Versatility

Two sizes per clamps and suitable for a wide range of piping(copper,metric,multilayer,...)  
The pipe is fitted and removed without using a screwdrivers.
